Mr. John H. Galey  
Operations Manager  
Arco Polymerr  
Product Development Dept.  
Frankfort Road  
Monaca, Pennsylvania 15061

Dear Mr. Galey:

Please find attached the completed pre-review environmental questionnaire for the Columbia Falls reduction plant. In addition to the questionnaire, we have included some basic information on the aluminum reduction process, fluoride emissions and their control, a schematic of the plant, and a recent plant organizational chart. (Please note that the Columbia Falls plant is a vertical stud Soderberg (VSS) type.)

We hope that this will provide you with all of the information you need for this part of the review. If you need more information, however, please contact me.

Sincerely,

ANACONDA ALUMINUM COMPANY

R. A. Sneddon  
Plant Manager

and

K. G. Reick  
Environmental Supervisor
